Anand Agricultural University

[Online Entry of Soil Health Card \(http://soil.aau.in\)](http://soil.aau.in)

- Information Technology Center, AAU Anand. Also provided Training to the different kind of users of Soil Health Card project at Gandhinagar, which demonstrates the flow and how to use the Data Entry Module.

The image shows two screenshots from a website. The left screenshot is the login page for the 'Online Entry of Soil Health Card' portal. It features a header in Gujarati 'જમીન આરોગ્ય પત્રક' and a 'Home' button. The main heading is 'Online Entry of Soil Health Card'. Below it is a 'Login' section with input fields for 'Username' and 'Password'. A 'Cadore' logo is visible, along with a 'Forgot your login?' link and a 'Privacy & Terms' link. At the bottom, there are buttons for 'User me in' and 'Forgot password'. The right screenshot is an award certificate titled 'eMaharashtra Awards 2013'. It features logos for 'eMaharashtra', 'elets', and 'SCMS'. The text on the certificate reads: 'Best Government to Citizens (G2C) Initiative of the Year', 'Special Mention', 'Project: e-Krishi Kiran Programme', and 'Applicant: Anand Agricultural University, Gujarat'. The AAU logo is at the bottom, and the website URL 'www.aauonline.com/soil.aau.in' is visible at the very bottom.

Professor Jayashankar Telangana State Agricultural University,

Created Electronic (Established in November 2001 in the building of ATIC situated in the ARI campus, Rajendranagar, Hyderabad) Wing to cater the Mass Communication needs of farmers and other stakeholders;

1. Public and private TV channels telecasting agricultural programmes
2. Production of Video capsule programmes, Digital Video Discs, Quickies, Jingles, Information Kiosks and Agricultural Portals.

ELECTRONIC WING

Professor Jayashankar Telangana State Agricultural University, forefront in the “Service of the Farmers” is always striving to deliver the latest technologies developed in the University to the farming community through different means of communication. Realizing the importance of the electronic media as the most powerful tool to reach a large audience in the most effective manner in the quickest possible time with maximum accuracy, PJTSAU created the Electronic Wing, the first of its kind in the country to cater the Mass Communication needs relevant to Electronic Media that includes Public and private TV channels telecasting agricultural programmes for the benefit of the farming community. The electronic wing is involved in the production of Video capsule programmes, Digital Video Discs, Quickies, Jingles, Information Kiosks and Agricultural Portals. Electronic Wing was established in November 2001 in the building of ATIC situated in the ARI campus, Rajendranagar, Hyderabad.
